CATALOGUE

The **world-famous** Garden Route is home to Events and Tents, one of the country's most complete and all-inclusive wedding venue and event infrastructure suppliers. Based in Plettenberg Bay, Events and Tents is ideally situated to cater for couples getting married anywhere along the Garden Route. However, we are more than happy to provide for the needs of couples throughout South Africa, no matter where in the country they choose to enjoy their special day.

Contact us at

hire@eventsandtents.co.za or 044-533 9308

Our hands-on approach, attention to detail and dedication to personalised, professional service has been the secret to our success. With over a decade in the industry, **Events and Tents is proud** to promise bridal couples, wedding planners and event organisers a complete solution to the entire spectrum of needs under the wedding- and eventplanning umbrella. Creating the ideal wedding venue is an integral part of the ambience and theme of your big day. By getting to know your vision and ideas, we will provide the perfect solution for your special wedding day.

As our company and its products and services continue to expand and evolve, we remain confident that Events and Tents is ideally equipped, perfectly passionate and always on hand to handle your unique event and very special wedding.

FRAMED ALUMINIUM
MARQUEES

FRAMED ALUMINIUM MARQUEES

If you are looking for a solid structure for your event with piece of mind against the weather elements, then this is the option that you should be looking at.

Unlike all the other tents no poles are found on the inside meaning that there are no obstacles and they allow total freedom of choice with regards to setup. Available covering options are white or clear PVC for the roof and side walls. The clear or seethrough PVC covering option has become extremely popular for weddings and corporate events alike.

Our 9mtr wide tents are increased in length by adding 3mtr bays. The 10, 15 and 20mtr wide tents are increased in length by adding 5mtr bays to increase your events footprint as required.

For that smaller exhibition space why not try one of the 5 x 5 m tr Peaked Marquees which can also be joined together by inserting a gutter system to eradicate any rain water falling be tween the structures.

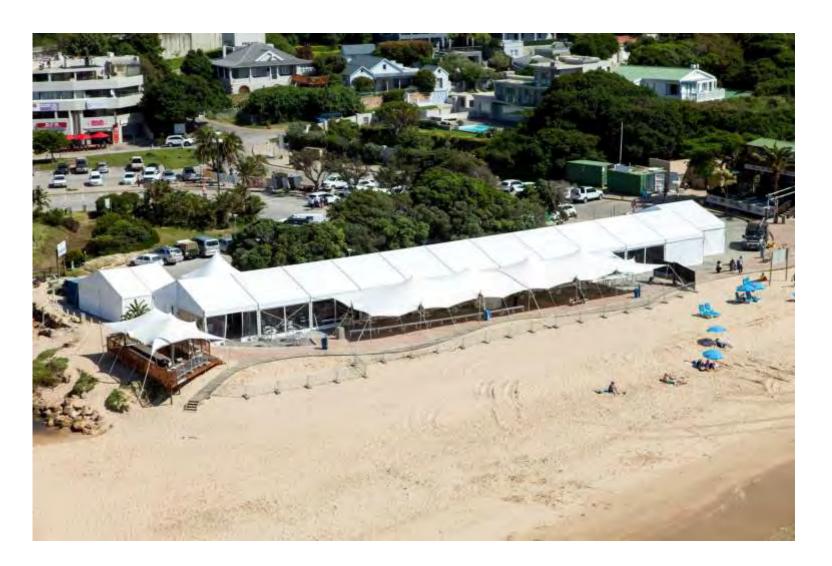

FRAMED ALUMINIUM MARQUEES

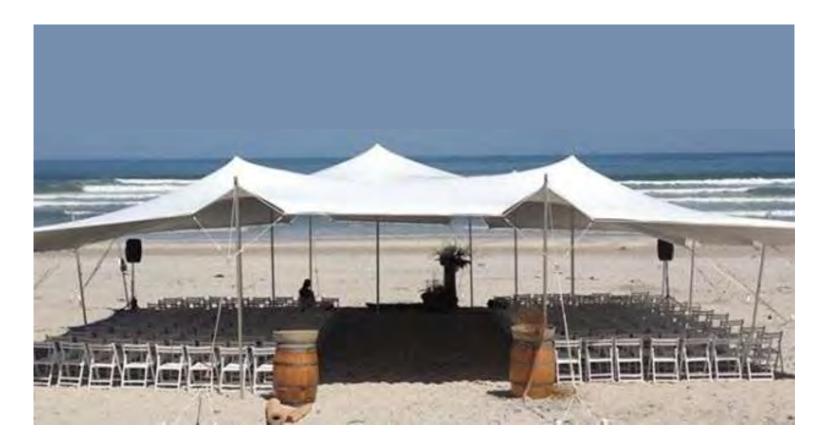

TENTS STRETCH/BEDUIN

STRETCH / BEDOUIN

Aesthetics is the first thing that comes to mind when considering one of these tents and that in itself is what has led to their popularity. They can be erected on uneven surfaces, joined to buildings and cover just about any space imaginable. Available colour options are white and beige and with over 5000m2 of tents in various sizes we are sure to have something to suite your needs. Available in white or beige.

DANCE FLOORS

Modular Dance Floor

These are 300mmx300mm plastic tiles which are clipped together to make up the required sizes and are available in black and or white which also allows a variety of patterns to be made up. They are better suited for hard level surfaces but can be used on a softer surface such as grass with a base structure used for support.

This is a popular choice for many clients in that it can be erected on hard or soft surfaces. They also tend to iron out any undulating surfaces. They are freshly paintd for each function in any colour to suit your events colour scheme and a variety of patterns are achievable.

Tent Flooring

Our floors are built using wooden shutter boards which are screwed onto a w oden substructure.

These floors are also freshly painted for each event and the colour choices are endless. They also tend to iron out undulating surfaces and give a smoothly finished product. Qance floors can also be painted onto these in different colour thereby eliminating the higher cost of an extra dance floor.

Pool Covers

These are great when some extra space is required. These are wooden decks which are built using timber and are rested over the edges of swimming pools. They are also freshly painted for each function again allowing for dance floors which are slightly elevated from the rest of the party.

BRIDAL GAZEBOS &CHILL ZONESS

BRIDAL GAZEBOS

Bamboo and Driftwood Gazebos are popular for the beach and then there are the more formal white Square and Round Bridal Gazebos which can be used just about anywhere. Wooden Isles are made in any length to suit the size of your cememony.

Do you want to creat that extra special intimate space then why not try one of these which be used with or without a floor.
